

Staff Report Item 7

TO: East Bay Community Energy Board of Directors
FROM: Nick Chaset, Chief Executive Officer
SUBJECT: Update on Local Development Business Plan
DATE: December 6, 2017

Recommendation

Receive informational update on Local Development Business Plan.

Discussion

EBCE's LDBP team held two sets of webinars to introduce five draft chapters of the Local Development Business Plan that were issued for public comment on November 3rd, 2017. The webinars took place on **Thursday, November 30th from 1:00 – 3:00 pm** (Solar Siting Survey, Wind Siting Survey, Task 1 LCOE, Feed-in Tariff, and Agency as Developer) and **Monday, December 4th from 1:00 – 1:30 pm** (Workforce Development Policy).

In light of the timing of these webinars and in an effort to ensure that anyone seeking to submit public comment can do so after having participated/reviewed the webinars proceedings, **EBCE will extend the comment period for these documents from Sunday, 12/3/17 to Friday, 12/8/17 at 5:00 pm.**

The LDBP team will have another set of documents ready for public review and comment in early January 2018.
