

Summary

East Bay Community Energy (EBCE) is a Community Choice Energy agency formed to serve 600,000 customer accounts across Alameda County with an annual load of over 6 TeraWatt Hours. EBCE is seeking candidates to join our growing agency and assume the following responsibilities as Strategic Analyst. The technical strategy and analysis professional will support EBCE as follows:

- Create and own modeling to support in key regulatory, power procurement, and programmatic initiatives
- Participate in regulatory proceedings on behalf of EBCE and evaluate proposed regulatory policies at the California Public Utilities Commission (CPUC), California Independent System Operator (CAISO), and other state agencies, to assess the impact on EBCE; develop EBCE positions on issues; develop technical analyses, written reports, and presentation materials to support EBCE's position
- Represent EBCE and/or CalCCA before various regulatory agencies in ratemaking and rulemaking proceedings, including as a witness and/or key technical advisor
- Identify and manage key technical consultants in support of strategic objectives, including providing relevant technical regulatory analysis, reviewing witness testimony, and preparing witnesses for evidentiary hearings
- Collaborate with CalCCA and other joint CCA venues to participate in technical strategy formation and regulatory proceedings, and to manage technical consultant work products
- Review and draft comments, proposals, testimony, and briefs; provide technical and/or analytic input on regulatory matters; prepare discovery requests and responses; participate as a witness in administrative hearings; provide input into legislative policy at the state and local levels
- Lead and support internal analysis on rate design for EBCE offerings
- Lead and support analysis on integrated resource planning
- Provide internal technical analyses to assess impact of programs and policies on EBCE's operations
- Provide technical support to develop templates and reporting requirements as needed
- Provide internal strategy and analytic support on EBCE local program design, development, and monitoring
- Analyze EBCE data sources to evaluate opportunities to develop effective customer programs

Culture: EBCE fosters a culture of open communication, responsibility, curiosity, accountability, and caring. As a small team, cultural fit is key to individual and team success.

Start date: ASAP. Applications are due January 31, 2019. Candidates should send resume and cover letter with 3 references to jobs@ebce.org with the Job Title in the subject line.

Location/Employment: This position will be based in EBCE headquarters in Oakland. We are an equal opportunity employer and strongly encourage people of color, women, and those who identify as LGBTQ to apply.

Compensation: Competitive compensation package offered, based on candidate experience.

Position Details

About East Bay Community Energy

East Bay Community Energy (EBCE) is the community choice aggregator serving Alameda County and eleven of its cities under a Joint Powers Agreement. Once EBCE reaches full-scale, it will serve 600,000 customer accounts and over 1.5 million Alameda County residents. Details regarding the composition and responsibilities of EBCE's Board of Directors and Community Advisory Committee may be found online at: <https://ebce.org/about/>

EBCE's charter is to provide its customers with low carbon, cost effective electricity that integrates innovative energy products and maximizes local benefits through the development of local solutions, ranging from increasing access to rooftop solar to supporting the adoption of electric vehicles.

Supervisory Responsibilities

Will supervise external contractors. May have staff supervisory responsibilities at a later date as the team grows.

Essential Duties and Responsibilities

- Work collaboratively within EBCE with the Regulatory, Local Development, Power Procurement, Marketing and Technology & Analytics teams on cross functional priorities related to regulatory matters, revenue forecasting, integrated resource planning, rate design, and local program design.
- Create and own internal proprietary models to support various analysis and workflows across functional areas
- Evaluate and manage outside consultants to support workflows

Desired Experience

- Minimum of eight years of progressively responsible and relevant work experience, to include at least five years in energy and/or environment or in a closely related field in an analytical regulatory, strategy, or related business function
- Strong technical analytic skills
- Deep knowledge of utility ratemaking design and/or energy program design
- Strong written and oral communications skills
- Experience in representing your organization and partnering with external stakeholders
- Experience managing technical products and people
- Deep understanding of energy markets and energy products
- Team player, effective and organized project manager and leader, ability to question and impact group consensus, ability to prioritize, be nimble, and self-directed in a highly fluid and rapidly changing environment
- Passion for contributing to the success of community choice aggregation in California
- Bachelor's degree required; advanced degree preferred

Working Conditions

The physical demands described here are representative of those required for the position. Position requires sitting, walking, standing, bending, and twisting in the performance of daily activities. The position requires hand manipulation and repetitive hand movement and fine coordination in using a computer keyboard. The position requires near and far vision in reading reports and use of a computer. Acute hearing is required in supporting meetings and providing phone and in-person customer service. The position occasionally requires lifting and/or moving objects up to 20 pounds. EBCE will make reasonable accommodation of the known physical or mental limitations of a qualified application with a disability upon request.

Licenses/Certificates:

Possession and continued maintenance of a valid class C California driver's license or the ability to provide alternate transportation as approved by the CEO and a safe driving record.

Submission Requirements: Applicants must submit a cover letter outlining key qualifications and reasons for your interest, current resume including education, writing sample if applicable, and 3 professional references. Please email these documents and any questions to: jobs@ebce.org.

The information contained herein does not constitute either an expressed or implied contract, and these provisions are subject to change.
